

What: “Going Green in the Workplace for HR Professionals”

When: Thursday Feb. 25th from 11:30am to 1:00pm

Where: 7094 Miratech Drive Suite 100, San Diego, CA 92121

Who: Local Human Resource Professionals with a passion for a Greener Workplace

I’m excited to invite you to our next installment of “Going Green in the Workplace for HR Professionals”. This month it’s my pleasure to welcome our guest speakers; Courtland Weisleder and Easton Gardner from Greener Dawn. Courtland is the President of Greener Dawn (www.greenerdawn.com) and on the Board of Directors for CleanTech San Diego (www.cleantechsandiego.org). His passion for alternative energy, renewable energy, and clean technology led him to define and build a vision for the future. Easton is Greener Dawn’s LEED Consultant and Project Manager, she works with owners, tenants, property managers, and project teams to develop a Roadmap to Sustainability. Together they’ll be talking about effective green practices in the workplace, upcoming green legislation, LEED certification, and upcoming green jobs in San Diego.

This is a free event designed to bring local HR Professionals together to share, inspire, and learn ways to go green in the workplace. Lunch will be served at 11:30am compliments of Manpower Professional, we’ll have a 30 min presentation, and finish up with a roundtable discussion. If you are unable to attend on the 25th but would like to send an associate, please contact me to have them put on the list. As always, this lunch is limited to 20 HR professionals, please check your calendars and RSVP.

Make it a Green Day!

Cory Reynolds | Business Development Manager
